

City of Troy

February 7, 2008

The Honorable District Governor Sezai Moral
District #2440, Turkey

As Mayor of the City of Troy, on behalf of the City Council and the citizens of Troy, it is my pleasure to share greetings from our community to yours.

This spring some of our local citizens will be traveling to Turkey as part of the Rotary International's Group Study Exchange.

Troy is an involved community planning for the future. The quality of life that the City offers is a result of hard work, planning, sacrifice, and leadership. Rotary International is also to be commended for the excellent humanitarian service its members provide throughout the world.

With over 1.2 million members in over 32,000 clubs in nearly 170 countries, Rotary International initiates community projects that focus on the most serious issues confronting people around the world: poverty, conflict resolution, health, hunger, illiteracy, and the eradication of polio.

It would be my privilege to welcome you to Troy, Michigan if you take the opportunity to visit the United States in the future.

Sincerely,

Louise E. Schilling

Mayor Louise E. Schilling
