*Chatham-Kent: Celebrating 10 years as a Community of Communities*

March 11, 2008

To The Honourable District Governor Sezai Moral of District #2440 Turkey:

It is my pleasure to send civic greetings from the citizens and Council of the Municipality of Chatham-Kent on behalf of the 2008 Group Study Exchange Team from District 6380 to District 2440 in Turkey and in particular Jana Green, a citizen of our Municipality.

I am certain that the young professionals selected as members of the Group Study Exchange Team will be excellent ambassadors for the District and the Municipality of Chatham-Kent as they learn about your country's customs and lifestyles. It is our hope that the time the group spends in Turkey will be both an enjoyable and educational experience for everyone.

We look forward to the opportunity to welcome the Group Study Exchange Team from District 2440 to Chatham-Kent in April and trust their visit will be an excellent learning opportunity.

Best wishes from my office to you, your members and community for much prosperity in 2008. Should you ever have the opportunity to visit Chatham-Kent, I would be most pleased to meet with you personally.

Sincerely,

Randy R. Hope, Mayor/CEO  
Municipality of Chatham-Kent
